4. Complaints Procedure

It is in the interests of the New Hanover Preparatory School and the parents of the children who attend the school to observe a complaints procedure for the purpose of considering and resolving any dissatisfaction or feeling of injustice in connection with matters concerning the school. This procedure is drawn up to ensure that effective and official channels for consultation are used where matters have developed into a complaint to:-

- prevent complaints from escalating into major disagreements;
- give parents laid-down channels to use for the airing of complaints
- deal with complaints as quickly and as fairly as possible
- eradicate the causes of genuine complaints

It is important that every effort is made to resolve any and all problems as soon as possible. A full explanation of the complaints procedure is available on request.
